

NOTICE TO CONSULTANT ENGINEERS REGARDING A REQUEST FOR QUALIFICATIONS

July 2, 2018

ADA Self Evaluation and Transition Plan

The Town of Smyrna, Tennessee, an Equal Opportunity, seeks to retain the services of a professional consultant engineering firm to provide services related to the ADA Self-Evaluation and Transition Plan project. This project will be funded by the Town of Smyrna. This project shall adhere to all applicable Federal and State regulations and requirements. The professional consultant engineering consulting firm (the Prime) and all sub-consultants must be on TDOT's pre-approved list and the prime must have unlimited status.

BACKGROUND: The Americans with Disabilities Act (ADA) originally passed on July 26, 1990 as Public Law 101- 336 (42 U.S.C. Sec. 12101 et seq.), became effective on January 26, 1992. The fundamental goal of the ADA is to ensure equal access to civic life by people with disabilities. The Act comprises five titles prohibiting discrimination against disabled persons within the United States. Title II of the ADA required state and local governments to make their programs, services and activities accessible to persons with disabilities. It also established physical access requirements for public facilities (e.g. buildings and sidewalks). The selected Consultant will assist Town of Smyrna ("Smyrna") staff to perform the Self Evaluation and prepare an ADA Transition Plan for the Town in accordance with ADA requirements.

PROPOSED SCOPE OF WORK: The following is a proposed scope of services for the development of the Smyrna's ADA Self Evaluation and Transition Plan. Additional steps may be added as the Consultant determines appropriate based upon their experience. See Exhibit A – Smyrna Property – for a list of all property including facilities, parks, greenways, schools, traffic signals, and sidewalks. This list is to be used as a guide. The Contractor will be required to identify all relevant public facilities, property, and rights-of-way in the Self-Evaluation and subsequent Transition Plan. At a minimum, the consultant selected will be responsible for providing the services described below:

- 1) By September 2018, the consultant will provide documentation to TDOT showing the Town of Smyrna is making significant progress towards completing an ADA Transition Plan and Self Evaluation. All self-certification forms are expected to be returned to TDOT.
- 2) Conduct a Self-Evaluation of all relevant public facilities, policies, programs, services, and activities to include research, field data collection, and data analysis.
- 3) Coordinate the involvement of various stakeholders including elected officials, Town staff, disability advocacy groups, and the general public throughout the process.
- 4) Develop a Transition Plan which will identify and prioritize current pedestrian barriers, provide a schedule for barrier removal, estimated costs for barrier removal, and establish procedures for addressing future accessibility issues.
- 5) Provide management, monitoring, and tracking tools that will allow staff to manage current and future accessibility issues, update the deficiency status, and generate reports to show progress in meeting the Transition Plan.

It is the intent of the Town of Smyrna for the finalized ADA Transition Plan to serve as a pragmatic application tool that will identify existing and future accessibility needs, document accessibility facility standards, and to provide design criteria for future facilities development.

PRIMARY SCOPE OF SERVICES: Smyrna expects the project to be conducted in three general phases:

- Phase I - Self-certification forms: Submit a letter to TDOT indicating the Town of Smyrna has made significant progress toward completion of the Transition Plan and submit all self-certification forms to TDOT by September 2018.
- Phase II - Self-Evaluation: survey, review, and analysis of facilities, policies, programs, services, activities, parks, and rights-of-way.
- Phase III - Transition Plan: collaborate with various stakeholders to review Phase I results, establish priorities and schedules for completion, estimated costs, and reach consensus for a finished product.

The Consultant's scope of work should provide a realistic approach for completing all phases of the project. The Consultant is encouraged to include innovative solutions, suggestions, and/or supplemental tasks which may enhance the project, streamline the scope of work, improve cost effectiveness, or lead to a better quality finished product or process. State all assumptions clearly. Include the decisions, products, data and any other information that the Consultant expects from Town staff.

PHASE I: All letters and self-certification forms must be complete, submitted to TDOT, and approved by September 2018.

PHASE II: The Self-Evaluation must include the following tasks and deliverables at a minimum. Respondents are encouraged to include innovative solutions and suggestions which may enhance the project.

- 1) Meet with designated Town staff, hereinafter referred to as "ADA Compliance Team," to discuss project expectations, survey methodology, and a schedule for project deliverables. This will be an opportunity for the Consultant to review and clarify questions related to the project's scope and familiarize themselves with important issues and availability of resources. It is the Town's intent for the Consultant to serve in a project management capacity throughout the project with general direction for the Town's ADA Compliance Team.
- 2) Meet with a group of citizen stakeholders comprised of disability advocates, individuals with disabilities, and general members of the public, hereinafter referred to as the "ADA Advisory Team," to describe the process, timeline, and expectations associated with the phases of work, as well as receive any general input they may provide.
- 3) Conduct an intensive review of all written policies, rules, and regulations of the Town and all its departments. This should be a discovery process to determine which, if any, of the programs or policies have language or processes that may be discriminatory and not in compliance with Title II of the Act.
- 4) Conduct field surveys of all Town and Public facilities (see Exhibit A) including Town buildings, greenways and trails, parks, schools, and rights-of-way that may be accessed by the public and, therefore, are required for review and inclusion by ADA. The surveys will focus on the evaluation of architectural barriers, including path of travel, both in the public right of way within and around the facility, and provide an initial recommendation to provide remediation for ADA compliance. The surveys must include cost evaluation.
- 5) Due to limited Town staff availability, it is the intent of the Town that these field surveys be largely conducted by the Consultant solely; surveys requiring Town staff assistance should be coordinated through the ADA Compliance Team and scheduled in a way that minimizes the impact to the regular workloads of the applicable staff members.
- 6) Compile survey data in a useable and easily accessible format, which should include a version compatible with Microsoft Excel and GIS format. Compile data and meet with the ADA Compliance Team to review and analyze data gathered from the survey process.

- 7) Produce a Field Survey Report, which will be a detailed report that profiles the various deficiencies found. Include recommendations for modifications of all program policies, practices, and procedures. Include the complete evaluation of all facilities including costs for proposed modifications and recommended priorities. This report should be provided in both printed (color) and electronic (PDF) formats. This may also include a presentation component that outlines material provided in the report.
- 8) Present the Field Survey Report to the ADA Compliance Team. Solicit and record all feedback, as well as make changes as directed by the team. Submit recorded feedback and changes to Compliance Team within ten (10) business days.
- 9) Present the Field Survey Report to a joint meeting of the ADA Compliance Team and the ADA Advisory Team. Solicit and record all feedback. Submit recorded feedback to Compliance Team within ten (10) business days.
- 10) Present the Field Survey Report to Town Council for review and approval.

PHASE III: The Transition Plan must include the following tasks and deliverables at a minimum. Respondents are encouraged to include innovative solutions and suggestions which may enhance the project.

- 1) Develop a first draft of the ADA Transition Plan based on prior research and data collection, the Field Survey Report, recommended priority levels typically associated with each type of deficiency, and determine available funding working with the ADA Compliance Team. Include any recommended changes to funding levels necessary to achieve the recommended goals.
- 2) Meet with the ADA Compliance Team to review the draft document, identify project priorities, and solicit feedback for refining the various components. Incorporate any comments or changes made by this team into the draft Plan.
- 3) Meet with the ADA Advisory Team to review the draft document, identify project priorities, and solicit feedback for refining the various components. The Consultant shall document all suggestions. Submit documented suggestions to Compliance Team within ten (10) business days.
- 4) Meet with members of the community at-large at an advertised public meeting, to be held in the evening on a weekday, to review the draft document, identify project priorities, and solicit feedback for refining the various components. The Consultant shall document all comments and suggestions. Submit documented comments and suggestions to Compliance Team within ten (10) business days. In addition to standard advertising requirements, the Consultant shall engage in a concerted public outreach effort prior to this meeting using a variety of mediums. This effort should include (at a minimum) weekly advertisements in a local newspaper of general circulation in the four (4) weeks leading up to the meeting and a notice posted on the Town's website for the same duration.
- 5) Meet with the ADA Compliance Team to review the feedback from all teams and members of the public and develop recommendations on potential changes. All changes should then be incorporated into the second draft.
- 6) Prepare and produce a second draft of the ADA Transition Plan (completed) that is clear, concise, and user-friendly. It should include a detailed description of identified barriers, as well as the schedule and plan identified for removing those barriers, estimated costs to remove barriers, and a summary of the public input received.
- 7) Present copies of the second draft Plan to the ADA Compliance Team and to the ADA Advisory Team for final comments and suggestions. These documents should clearly be denoted as "draft" on the cover. The Consultant shall seek concurrence from both teams prior to presentation of the Plan to Town Council and incorporate any final changes as appropriate. These changes shall result in the third (final) draft.
- 8) Provide to the ADA Compliance Team printed, full-color copies of the final draft ADA Transition Plan, as well as electronic copies on either CD/DVD or flash drive in pdf format. Also, provide a summary of the project, to include an overview of the process, the comments received, participation of various stakeholders, and the end result. This summary will be provided to Town Council and released to the public.
- 9) Present the final draft ADA Transition Plan at a regularly scheduled Town Council Meeting (TBD) for discussion and adoption by Town Council.

- 10) The Consultant shall provide the Town with an electronic database of items contained in the Facility Survey Report. This database shall be in Microsoft Excel and GIS format.
- 11) The Consultant shall provide Smyrna with a database-driven electronic monitoring, tracking, and management mechanism at project completion that allows for Smyrna to review and update progress in barrier removal. The Consultant also shall generate reports of such progress and provide an annual compliance review checklist.

Method of payment for consultant services is to be Not to Exceed Lump Sum.

Primary contact for additional information is Tom Rose, Public Works Director, 615-459-9766 or email tom.rose@townofsmyrna.org. All questions must be submitted via e-mail. The deadline for submitting questions is 4:30 p.m. CST July 11, 2018.

Submittal Requirements

Firms must submit a request for qualifications to **Rex Gaither, Finance Director, Town of Smyrna, 315 S. Lowry Street, Smyrna TN, 37167**. All qualifications must be received on or before **11:00 a.m. Central Standard Time, Wednesday, July 18, 2018**. The request for qualifications shall indicate the scope of services to be completed by any sub-consultants.

Prequalification procedures, list of pre-qualified firms and certified DBEs, TDOT’s standard procurement policy, and additional information can be found at this internet address www.tdot.state.tn.us/consultantinfo.htm.

The RFQ response shall include a completed TDOT Form DT-0330, Part II.

The Town will evaluate the requests for qualifications and rank firms based on the following criteria:

Criteria	Relative Weights (%)
Team capability and work experience	25%
Past experience in the required disciplines with TDOT and/or other clients	25%
Staff qualifications and availability	25%
Technical Approach*	20%
Workload Capacity	5%

*The technical approach will include Section H of DT-0330 Part II.

Evaluation

From the list of firms determined by the Consultant Evaluation Committee (CEC) to be the most highly qualified firms to perform the solicited services, the Town of Smyrna will rank the firms in order of preference. One (1) contract will be awarded to the top firm.

Evaluation proceedings will be conducted within the established guidelines regarding equal employment opportunity and nondiscriminatory action based upon the grounds of race, color, sex, creed, sexual orientation or national origin. Interested certified Disadvantaged Business Enterprise (DBE) firms as well as other minority-owned and women-owned firms are encouraged to respond to all advertisements by the Town of Smyrna.

The Town of Smyrna reserves the right to reject any and all proposals, accept proposals in part or whole, waive defects, informalities or minor irregularities in proposals or proposal process and to make proposals awards, as deemed, to be in its best interest. The Town of Smyrna is not responsible for delays occasioned by the U.S. Postal Services or any other means of delivery utilized by the proposer. Similarly, the Town of Smyrna is not responsible for, and will not open, any proposal responses that are received later than the date and time stated above.

No late submissions will be accepted.

All firms must be pre-qualified or have a completed prequalification form filed with the Tennessee Department of Transportation (TDOT) by the deadline for the letters of interest. The letter of interest shall not specifically identify sub-consultant(s), but rather shall indicate the scope of services anticipated to be completed by any sub-consultant(s). The sub-consultant shall be a firm that is prequalified by TDOT to perform the specific tasks required. A pending prequalification status will be acceptable. Please include a valid email address and phone number for the point-of-contact.

For additional information regarding the evaluation process, please see www.townofsmyrna.org. Please submit all questions via email to Tom Rose at 615-459-9766 or tom.rose@townofsmyrna.org.

All bidders shall adhere to Title VI of the Civil Rights Act enacted in 1964 which states that “No person in the United States shall, on grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or subjected to discrimination under any program or activity receiving federal financial assistance”, state of Tennessee funding, and/or funded by the Town of Smyrna. In addition, the Town of Smyrna will not discriminate in the purchase of all goods and services on the basis of race, color, religion, sex, national origin, age, disability or any other lawfully protected classification.

INSURANCE REQUIREMENTS

The Contractor shall purchase and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the Contractor, its agents, representatives, employees or subcontractors.

A. MINIMUM SCOPE AND LIMITS OF INSURANCE

1. Workers Compensation

Workers Compensation insurance shall be in compliance with the State of Tennessee and shall be statutory. Employers Liability shall be included with a minimum limit of \$500,000 per accident/per disease/per employee.

2. Commercial General Liability

Commercial General Liability insurance shall have a minimum limit per occurrence of \$1,000,000 and a minimum general aggregate of \$2,000,000. It shall include completed operations, product liability and personal injury liability insurance.

3. Automobile Liability

Automobile Liability Insurance shall have a minimum combined single limit per occurrence of \$1,000,000. This insurance shall include third-party bodily injury and property damage liability for owned, hired, borrowed and non-owned automobiles.

4. Professional Liability

Contractor shall maintain professional liability insurance covering claims arising from real or alleged errors, omissions, or negligent acts committed in the performance of professional services under this contract with limits of \$1,000,000.

B. DEDUCTIBLES AND SELF-INSURED RETENTIONS

Any deductibles or self-insured retentions must be declared to the Town of Smyrna. The Contractor shall be responsible for all deductibles and self-insured retentions.

C. OTHER INSURANCE PROVISIONS

The policies are to contain, or be endorsed to contain, the following provisions:

1. General Liability and Automobile Liability Coverages

- a. The Town, its elected and appointed officials, agents, employees and volunteers shall be named as an additional insured as regards negligence by the contractor.
- b. The Contractor's insurance shall be primary as respects the Town, its elected and appointed officials, agents, employees and volunteers. Any insurance or self-insurance maintained by the Town of Smyrna shall be excess and non-contributory of the Contractor's insurance.

2. Workers Compensation and Employers Liability Coverage

The insurer shall agree to waive all rights of subrogation against the Town, its elected and appointed officials, agents, employees and volunteers for losses arising from work performed by the Contractor for the Town of Smyrna.

3. All Coverages

- a. Coverage shall not be canceled, suspended, or voided by either party (the Contractor or the insurer) or reduced in coverage or in limits except after 30 days written notice has been given to the Town of Smyrna. Ten-day written notice of cancellation is acceptable for non-payment of premium. Notifications shall comply with the standard cancellation provisions in the Contractor's policy.
- b. Neither the acceptance of the completed work nor the payment thereof shall release the Contractor from the obligations of the insurance requirements or indemnification agreement.
- c. The insurance companies issuing the policies shall have no recourse against the Town of Smyrna for payment of premiums or for assessments under any form of the policies.
- d. Replacement certificates, policies or endorsements shall be provided to the Town for any such insurance expiring prior to the completion of services.
- e. Any failure of the Contractor to comply with reporting provisions of the policy shall not affect coverage provided to the Town, its elected and appointed officials, agents, employees and volunteers.

D. ACCEPTABILITY OF INSURERS

All required insurance shall be provided by a company or companies licensed to conduct business in the State of Tennessee. Insurance shall be underwritten by insurers with an A.M. Best Company ratings no less than an A.

E. VERIFICATION OF COVERAGE

The Contractor shall furnish the Town with Certificates of Insurance reflecting proof of required coverage. The Certificates for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. **The Certificates are to be received and approved by the Town before work commences and upon any contract renewal thereafter.**

Upon failure of the Contractor to furnish, deliver and maintain such insurance as requested, this contract, at the election of the Town, may be suspended, discontinued or terminated. Failure of the Contractor to purchase and/or maintain any required insurance shall not relieve the Contractor from any liability or indemnification under the contract.

The Certificate of Insurance naming the "Town of Smyrna" as **Additional Insured** shall be addressed to the attention of:

Town of Smyrna
Department of Safety & Risk Management
ATTN: Kay Charles
315 S Lowry St

Smyrna, TN 37167

The Certificate of Insurance may also be submitted electronically to kay.charles@townofsmyrna.org.

The Town reserves the right to request complete certified copies of all required insurance policies at any time.

F. SUBCONTRACTORS

Contractor shall include all subcontractors as insureds under its policies **OR** shall be responsible for verifying and maintaining the Certificates provided by each subcontractor. Subcontractors shall be subject to all of the requirements stated herein. The Town of Smyrna reserves the right to request copies of subcontractor's Certificates at any time.

G. WORKERS' COMPENSATION INDEMNITY

In the event Contractor is not required to provide or is exempt from providing workers' compensation coverage, the parties hereby agree that Contractor, its owners, agents and employees will have no cause of action against, and will not assert a claim against the Town of Smyrna, its elected and appointed officials, agents, employees and volunteers, under any circumstances. The parties also hereby agree that the Town of Smyrna, its elected and appointed officials, agents, employees and volunteers shall in no circumstance be, or considered as, the employer or statutory employer of Contractor, its owners, agents and employees. The parties further agree that Contractor is a wholly independent contractor and is exclusively responsible for its employees, owners, and agents. Contractor hereby agrees to protect, defend, indemnify and hold the Town of Smyrna, its elected and appointed officials, agents, employees and volunteers harmless from any such assertion or claim that may arise from the performance of this contract.

HOLD HARMLESS AND INDEMNITY REQUIREMENT:

Contractor shall indemnify and hold harmless, to the maximum extent permitted by law, the Town of Smyrna and its officers, agents, employees, volunteers, from and against any and all liability, damages, losses, (whether in contract or in tort, including personal injury, accidental death or property damage, and regardless, of whether the allegations are false, fraudulent or groundless), and costs (including reasonable attorney's fees, litigation, arbitration, mediation, appeal expenses) which in whole or in part are caused by the negligence, recklessness or intentional wrongful misconduct of the Contractor and persons employed by or utilized by the Contractor in Contractor's performance of this Agreement.

The contractor further agrees to protect, defend, and save the Town, its elected and appointed officials, agents, employees and volunteers while working in the scope of their duties as such, harmless from and against all claims, demands, and causes of action of any kind of character, including the cost of their defense, arising in favor of the contractor's employees or third parties on account of bodily or personal injuries, death or damage to property arising out of services performed or omissions of services or in any way resulting from the acts of omissions of the contractor and/or its agents, employees, subcontractors, representative of the Town under this agreement.

Pursuant to Tennessee Attorney General Opinion 93-01, the Town will not indemnify, defend or hold harmless in any fashion the Contractor from any claims arising from any failure, regardless of any language in any attachment or other document that the Contractor may provide.

APPLICABLE LAW:

Any contract resulting from this RFP shall be governed by and construed under the laws of the State of Tennessee.
